To Whom It May Concern:

The purpose of my letter is to share with you the professional approach that All Star Restoration brought to us after Hurricane Gustav. Before we were able to get back into our community I was contacted by one of All Star Restoration's representatives. He called me from Houma to let me know he could look at our building to see if there had been any damage. Thank God there wasn't any structural damage and only a small amount of water got into our building.

However, Ross Trahan was able to look over several churches in our area that had been damaged and water continued to enter through holes caused by the storm. Their crews patched the leaks so more damage would not occur. I know that due to the efforts of All Stars' crew the churches saved a lot of money.

On a more personal note; my home was damaged from the storm. My roof was damaged and I had water damage down my walls. Our church was very active in the recovery process of our community so I wasn't able to get on the business of my house quickly. All Star Restoration came to my rescue. They took on the job of my house for me. I never had to worry about a thing. They did a professional job and treated me with the utmost kindness, respect and understanding. I can without any reservation recommend this company to anyone.

In His Service,

Pastor Patrick Thompson Jr.

Sr. Pastor of Bayou Blue Assembly of God
